CONCEPT & DETAILS

Since placing the perfect lamp in your space to fully create unique, aesthetic and functionality, we offer a full architectural service based on your needs and design flair to develop your project.

A young and dynamic team, Gibson Studio is born with the goal of creating, renewing and transforming needs. The customer is the pillar of our creativity. It is their dreams and wishes that coordinate the trait of each project. We make dreams come true by working with attention because we see an opportunity in every work, with the need for escape when we open our minds to new connections and in constant motion because we generate ideas.

“MANY CAN SET UP A HOUSE,
BUT ONLY A FEW UNDERSTAND THE ART
CREATING A HOME.”

LOVELY CLIENTS

With every new client is as an open opportunity to find, create something that is both extraordinary and unique within a design that is effective, practical and smart. Whether it's a striking new-build home, to source an exquisite rare art piece, a beautifully restored period property, a luxury hotel or a hospitality suite at a sporting venue, a project's natural starting point is always the client, ensuring a seamless client experience every time.

ARCHITECTURE

At Gibson, we provide architectural services customized to your life projects, and we go the extra mile on architecture and design for our clients. We incorporate numerous areas into our project coordination, all with the goal of reducing any stress and pressure on our clients and creating a structure that works best for them.

INTERIOR DESIGN

The success of our company lies not only in our products but also more importantly in our people and the service we provide. We want to be more and better for you, and because each client is unique, each service is personalized. We look forward to have the opportunity to work with you. For more information, please contact us for a free consultation, or visit our showroom. About our interior design services: always up to date with new trends and products, present your project in 3D, adapt to your style and schedules.

TURNKEY SERVICES

The development and implementation of turnkey plans are executed exactly in line and budget with your individual requirements at sublime quality. The optimization of interfaces is ensured in the process, succeeding right from the start.

Construction projects, can be inherently complicated because of all the different aspects involved. Attempting to simply get a design of a proposed building, interior, followed by the hiring of a contractor and all of the other duties involved can be a headache.

Gibson specializes in completely turnkey solutions for any type of project, no matter how challenging. We have the staff and resources to help you from the start till to the end, while delivering on time and on budget.

- ① Project management of engineering companies and construction companies
- ① Architecture and interior design
- ① Functional and static design of civil works
- ① Formwork and reinforcement drawings
- ① Preparation of tender documents and evaluation of bids
- ① Quantity survey for invoicing purposes
- ① Supervision of construction on site
- ① Design studies for economical solutions and feasibility studies
- ① Specification of construction methods
- ① Basic and detail design for construction work
- ① Sourcing of construction contractors

COMPLETE TURNKEY SOLUTION

The turnkey model is specifically set up to put all of the components required in the hands of experienced professionals that know how to check all the boxes necessary. This avoids the glitches that have a way of grinding projects to a halt.
